## OUR HISTORY

CSI Club Southport has played an important part in the Southport community for over 50 years. It all began with a group of working-class locals who would meet each Sunday to enjoy a few cold beers and a yarn where the Club now stands.

During one of these catch ups, the decision was made to form their own Trade Union Club, and so the hard work of raising funds and community support began. It was in 1967 that their dream became a reality and on the site of the old Southport Railway Station they opened the doors to the Southport Workers Club.

We have come a long way from what was known to the locals back in the day as The Tin Shed and in 2013 after an extensive renovation, we became CSI Club Southport. We are proud to have been able to support numerous sporting and charity groups over the years and as we continue to grow, we look forward to doing what community clubs do best, giving back to our community.
